

Testimonials

“Stephen's track record in delivering on product development challenges speaks for itself. Stephen was responsible for the implementation of many new innovations in the Nutritious Snacks category. Stephen has always nurtured a passion for improving the nutritional status of food products. This passion evolved into taking a leadership position in product development direction/policies for the business. His extensive experience in product development coupled with his breadth & depth of technical knowledge, has always enabled him to resolve product & process issues with robust solutions. Stephen can always be relied on to deliver to an agreed design brief. His honest and upfront manner ensures that there are no misgivings as to what can and can't be achieved.” March 30, 2008

Tony Sanzo , *Managing Director, Nutrifoods (Australia) Pty Ltd*

“Stephen has a detailed knowledge and understanding of food science and technology. This has enabled him to lead or be involved in the development of many new products as well as remain at the forefront of scientific understanding in nutritional research, functional ingredients, and in particular the microbiological protection of cheese based products.” March 12, 2008

John Pitcher , *Product Development Manager, Uncle Tobys/CPW*

“Stephen is an amazing scientist who excels in problem solving and creative ideas generation. He has been instrumental in developing some of Australia's' icon products in cereals and snack foods. He has started with an idea and taken that through formulation, process development, quality control and production methods. If you need help in this area, grab him now, I am sure that once companies know he is available his time will be booked up quickly.” March 8, 2008
